Evangelist Brent Madaris was our main speaker this year in our 2011 Missions Conference at Mimosa Drive Baptist Church in Dothan, Alabama. Bro. Madaris is a fiery preacher and held the attention well. We had 2 saved for the week and all of our hearts were challenged. I would recommend Bro. Madaris for revival services, missions conferences, and youth rally's. We will have the Madaris family back again.

On a personal medical level, I have suffered with various digestive health issues most of my life as well as chronic pain. Bro. Madaris is also a Family Nurse Practitioner, and he quickly diagnosed me as gluten intolerant and gave me hope for a healthier lifestyle. I removed gluten from my diet and noticed a remarkable change immediately. I had not consumed dairy in over two years and was able to handle it within three days. I cannot explain the difference this has made in my overall health. The severe digestive troubles are gone and much of the chronic pain has subsided as well. Many of my family members suffer from the same symptoms as I did and some of them have been helped as well. Thank you Bro. Madaris for your ministry.
